	9078	\$6,795,420	\$388,113.39

The total taxes committed to the Collector of Taxes for collection amounted to \$5,560,194.78

The amount of abatements granted on Motor Vehicles Excise Taxes during the year 1972 is as follows:

Levy of 1969	\$ 2,134.98
Levy of 1970	58.59
Levy of 1971	15,073.43
Levy of 1972	<u>37,243.31</u>
	\$54,510.31

The amount of abatements granted on Personal Property and Real Estate during the year 1972 is as follows:

	Personal Property	Real Estate
Levy of 1967	\$	\$ 196.50
Levy of 1968		96.00
Levy of 1969	817.00	321.10
Levy of 1970		1,081.50
Levy of 1971	132.30	1,697.85
Levy of 1972	<u>1,972.13</u>	<u>173,944.90</u>
	\$2,921.43	\$177,337.85

The largest percentage of abatements granted during the year 1972 was due to statutory exemptions by State Legislative Acts.

Maps have been kept up to date by making changes where necessary.

In 1973 we are going to have a Fiscal Cycle change. There are, naturally, certain costs involved in adopting this proposal. The assessors are going to work overtime to get the second assessment accomplished, compute the six month tax rate and send out the tax bills in time for them to go on interest on May first.

Respectfully submitted,

James J. Griffith
Cornelius J. Foley
Lillian A. Lynd

BOARD OF HEALTH

To His Honor the Mayor and
Members of the City Council
City Hall
Newburyport, Mass.

Gentlemen:

The Board of Health hereby submits the annual report for the year ending December 31, 1972.

As agent for the Board I have performed the duties of my office in investigating and following up the numerous and varied complaints, inspecting all bars, retail stores and food-handling establishments, septic installation and worked closely with the Building Department and Lt. Cutter of the Fire Department. I was still very much involved, again this year, with the proposed sewage lines in the West End of the City; also along with Mr. Stanton, of the DPW, in the many drainage problems in that area.

Many complaints were made with regard to the air pollution and odor pollution caused by some of the factories and work on these many problems with the State Department, under whose jurisdiction this falls.

The Commonwealth of Massachusetts supplies to all cities and towns the following biologics: diphtheria-tetanus-pertussis, diphtheria and tetanus toxoid combined, tetanus and diphtheria toxoids adsorbed (for adult use), tetanus toxoid adsorbed, tetanus immune globulin (human), immune serum globulin (human, smallpox, poliomyelitis (Sabin) silver nitrate, old tuberculin, diphtheria toxin for Schick test, measles (Schwartz strain), rubella (german measles), mumps, typhoid, diphtheria antitoxin. Also throat cultures, tumor kits, enteric, gonorrhea outfits. These are dispensed through this office and we also, as a courtesy, supply the surrounding communities of Salisbury, Newbury, Rowley and West Newbury, since these towns do not have a working health office.

The time testing and immunization of school children was done as well as the pre-school clinic - the latter was down in attendance this year as compared with previous years. A flu clinic was held for the city employees and the immunization of dogs against rabies was very well attended.

In compliance with the General Laws of the Commonwealth, the department receives applications and issues permits for the following: burial permits, septic installation septic installers, milk, pasteurization of milk, frozen desserts, carbonated beverages, syringes, funeral directors and plumbing. Gas and electrical permits are also issued through this department.

Receipts for permits issued are: \$525.10 health, \$435.50 gas, \$1196.00 Plumbing.

In closing may we, the Board of Health, express our appreciation to the staff, of the Health Centre and also that of the Anna Jacques Hospital, for the splendid co-operation they have given us this past year.

Joseph Skovron, Chairman
Dr. George Danis
Dr. Joseph Cotreau

BUILDING DEPARTMENT

TO HIS HONOR THE MAYOR AND MEMBERS OF THE CITY COUNCIL:

As the municipal Building Official/Codes Enforcement Officer, I hereby submit the Building Department's Annual Report for the year ending December 31, 1972. This is a report in summation of the works activities involved in providing the necessary professional/technical assistance to all applicants or members of the community as they relate to building, housing and land use here at Newburyport.

We thank the Mayor and members of the City Council for their assistance and support, as well as that of our city agencies, with special appreciation to the Health and Fire Departments, as we move forward toward attainment of the ultimate objective of the provision of adequate housing for the entire populace, and related environmental community development for the establishment and preservation of a well-planned community.

It shall continue to be the purpose of this city agency to be directly related to housing and other community developmental programs in Newburyport's revitalization process for the continual improvement in the professional standards involved in the administration of such programs. We shall seek improved proficiency of this municipal building, housing and land use agency by its staff as it is engaged in administration of the municipal ordinances and state standards in the field of housing and community redevelopment.

The following is a listing of some of the activities in which this department was involved in during 1972:

<u>Permits Issued</u>	
45 new buildings	\$2,007,642.00
172 alterations and rehabilitations	990,381.00
12 swimming pools	30,922.00
12 demolitions	-----
37 display signs	<u>6,143.00</u>
For a total of	\$3,035,088.00

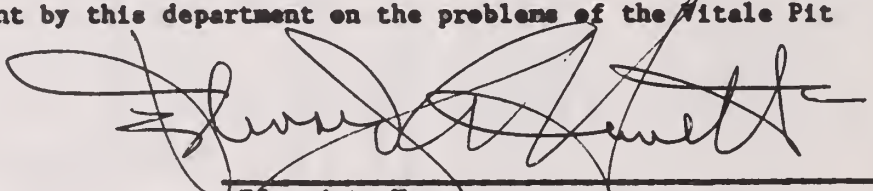

Major buildings built during the year included the Institution for Savings branch bank, multi-family dwellings on Merrimac Street (by Donald Gravelle), Berkshire Manufactured and McGill buildings at the Lord Timothy Dexter Industrial Park. Alterations were also made to the Norfolk and Dedham storage building at the industrial park.

In the Central Business District, permits were issued for works of rehabilitation and restoration to Parcels 9A, 9B, 9C, 9D and 9E, as well as at 52-56 State Street.

In subdivision activity, there were nineteen new units added. There was a large amount of restoration work done on the city's older dwellings.

Inspections made by the inspectors from this department totaled 670. These included elevators, as well as all other miscellaneous-type inspections. There were 236 Gas Permits issued; 214 Plumbing Permits issued; and 276 Electrical Permits issued. The Board of Appeals processed 26 cases of which 19 were granted and 7 disallowed.

Much time and effort was spent by this department on the problems of the Vitale Pit and West End Drainage.

Circulation in the adult area has decreased over the last year. An analysis of the figures show that less books in the history and social science area have circulated and the magazine circulation has also decreased. These figures lead me to believe that the school libraries are handling more of the curriculum oriented work than in the past. Also, the history courses are focusing on local history which means more in library work with microfilm, older newspapers, and primary reference material.

Due to increased demand for more sophisticated information sources by the 7th and 8th grades, the children in this age group were given adult cards allowing them the use of the adult collection. The Children's Room now caters to children from preschool through sixth grade.

The Children's Room circulation has increased even with the exclusion of the 7th and 8th grades from this area. Much of this has to do with the success of the Story Hours, and the increased portion of the book budget given to the Children's Room.

The Story Hours which are conducted by Mrs. Louis Dondero of the Friends of the Library on Tuesdays and Maureen Horgan of the staff on Saturdays, with Jean Moak as substitute when needed, have been a great success. There have been 15-25 children at each session, and often the attendance reached 30.

The Children's Room was the site of many changes in 1972. Not only in the physical layout, but also the philosophy of service. The DPW workers constructed new shelving which helped to eliminate the overcrowded conditions of the shelves and facilitated browsing the shelves, especially the very young children.

The 1972 Vacation Reading Club, "It's a Whole Great Big Fun Thing", registration reached an enrolment of over 100 children in grades 1-6. Three quarters of the enrolled completed the required reading and a party was held in the late summer for those children. Miss Clancy and Miss Horgan did a fine job of organizing the program, generating enthusiasm, and rewarding the children who completed the reading program.

Membership in the Eastern Regional Library System has proved

advantageous especially in respect to interlibrary loan. In 1972, the library borrowed 380 books of which 120 were in large print for use in 4 nursing homes. In addition, 77 films (14 in 1971), were borrowed for home, organizational, and personal use.

During 1972, we received monthly visits from the State Bookmobile located in North Reading. At each visit numerous books, adult and juvenile were borrowed and some books returned. The circulation of books borrowed from the Bookmobile during 1972 was 2350 adult books, 2600 children's books-a total of 4950.

458 recordings circulated in 1972, as 598 for 1971. Lack of funds did not allow for new purchases, and as older recordings wore out we could not afford to replace them. Therefore the selection has decreased, thus circulation has fallen off.

The Friends of the Library, Mrs. Louis Dondero president, has been most generous in contributing time and effort of its members to the library. A total 1776 books in 1972 have been borrowed for rotation among four local nursing homes. The addition of large print books to each collection has proved most popular. Books are furnished by the library and records of books sent are kept by the library. Mrs. Barbara Moles is in charge of volunteers from the Friends of the Library, who select collections of books, deliver them to the nursing homes and make the rounds with a book truck so that individuals can select reading matter and make known any special requests.

Another service was begun in late December, a shut-in program. Books are delivered to homes of people unable to get to the library. The initial response was favorable, and with the help of the Friends, this should be another successful and worthwhile joint project.

The Memorial Book Fund program of the Friends of the Library was inaugurated in the spring of 1971. During 1972 \$418. was received for purchasing books through the Friends' Memorial Book Fund.

The Showcase generated much interest again this year. Numerous exhibits, (i.e. old books, pipes, and iron banks), were arranged for by Mrs. Bartlett Gould. We hope in the future to utilize the Library for other exhibits of artistic and cultural nature.

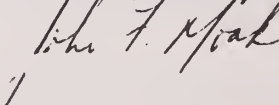

During the year Miss Katherine Kuechle, Librarian retired after 26 years of service. Also retiring from the staff were Mary Dailey and Gladys Stevens. We were saddened to lose Mrs. Bessie Hills in April of 1972 following a brief illness.

One new assistant, Margaret Kelleher, was appointed to the staff in July 1972 subject to a six month probation period.

The position of clerk-typist was created and Julie Waiswilo was appointed to the position in July 1972 subject to a six month probation period.

1972 has been a year of challenges in the joint effort to give better library service to the community. The Librarian is most grateful to each Library Director and to each member of the Library Staff for the fine spirit of cooperation shown in the busy year just passed. This next year we will try to bring the library to the community through programs and increased service.

Respectfully submitted,
John F. Moak, Librarian

Report of the Conservation Commission

To His Honor the Mayor
and
Members of the City Council:

Gentlemen:

Under the 1972 amendments to the Wetlands Protection Act which amends Chapter 131, Section 40 of the General Laws and repeals Section 27A of Chapter 130, the Conservation Commission now serves the community in a regulatory as well as advisory capacity to focus municipal concern on environmental matters. Conservation Commissions are required to hold public hearings on projects which involve the wetlands, issue an Order of Condition if the area is significant to public or private water supply, to flood control, to storm prevention, to prevention of pollution, to protection of land containing shellfish or to the protection of fisheries and to enforce violations. Since the new law became effective on October 16, 1972, the Conservation Commission has held one public hearing, on December 27, 1972, on the Notice of Intent filed by the City of Newburyport and the Newburyport Industrial Development Corporation.

The Conservation Commission applied for a Ford Foundation grant of \$750. to develop an Open Space Program. Due to lack of manpower and financial resources, the submitted plans were inadequate and the application was rejected by the Ford Foundation.

The Newburyport Conservation Commission has been represented at meetings of the Massachusetts Association of Conservation Commissions.

The Commission has concerned itself with the construction of homes and apartments on land where drainage is inadequate and poses a problem of contamination. Cooperation has been requested of and assured by the Building Inspector, the Planning Board and the Board of Health.

A sign erected at the City Forest has been destroyed by vandalism.

In September, Chairman Robert Grenier submitted his resignation to the Mayor, to become effective January 1, 1973.

The Commission has studied and evaluated a recycling program and recommended to the Mayor the adoption of such a program.

Respectfully submitted,

Dorothy P. Burton
Secretary

Robert P. Grenier, Chairman
Rocco C. Fosillo, Vice Chairman
